GROUP OVERVIEW

1999 – EPACK GROUP ESTABLISHMENT

EPACK Group was established at the turn of the century, by a family of entrepreneurs who brought together the best of resources in manpower and technology to setup an EPS (Expanded Polystyrene Packaging) manufacturing facility in Greater Noida, on the outskirts of Delhi. This initiative, which proved to be a huge success, was an outcome of years of effort, juggling work and family commitments. Ever since, our entrepreneurial streak kept growing and soon enough we diversified business into two more verticals – Consumer Durables and Pre-Engineered Buildings Manufacturing.
